Glenn F. Boyce
President

On behalf of the staff, faculty and administration, welcome to the official website of Holmes Community College – a college noted for its outstanding tradition of excellence in education, ranging from academics to career-technical programs to athletics to fine arts. We hope this website proves to be your portal to a wonderful array of opportunities at Holmes.

As you begin to explore our many learning opportunities, please note that Holmes accepts the challenge of providing its students with the best educational opportunities and programs of the highest quality, utilizing the latest technological advances. In a time of rising college costs, Holmes continues to offer the lowest tuition and overall fees in the community college system and strives to ensure quality educational opportunities are available for all. Our Holmes family is dedicated to helping you achieve your maximum potential, academically and socially, through innovative educational and cultural opportunities via campus-based and distance education programs.

We are excited about our future at Holmes and we want you to become a part of that excitement. If there is any way we can be of personal service to you, please let us know – we're just a "click" away!
