| Total | 16 hrs. | Total | 16 hrs. |

This curriculum is designed to serve two primary purposes: (1) An entering student may elect to follow this program for one or two semesters before deciding on a specific field of study. When a specific field of study is decided upon, the transition into the new program should be no problem. (2) Students who wish to change majors after one or two semesters in another of the programs at Holmes can use this General College Studies curriculum as an alternative in order to have at least an opportunity to meet degree requirements and graduate from Holmes.

The table of courses above is only a suggested guideline; therefore, the order in which courses are taken is flexible.

*English, mathematics, and reading require proper placement scores. Electives must be approved through the student's academic advisor.

**In some cases physical education is not required. Check with your advisor.

Students applying for the Doctor of Physical Therapy must have a bachelor's degree and evidence of 40 hours of observation in at least two physical therapy clinical departments or practices. Students must have a minimum of 3.0 GPA on a 4.0 scale on all required courses and overall. Students must also take the GRE before applying to the program. Students must also complete an autobiographical essay and a resume to apply to the program.

This curriculum is designed to meet the admission requirements of the School of Health-Related Professions at the University of Mississippi Medical Center. Students should consult the most recent Medical Center catalog when planning their schedule. A minimum grade of C is required on each course to be transferred. All programs at the Medical Center have a limited class size with competitive admissions.

*General Biology I & II (BIO 1134 & 1144) may be substituted.

*Additional requirements for admission to the B. S. Degree Program of Radiologic Sciences at UMC include the following: 1. Have completed a minimum of 57 semester hours of academic credit (exclusive of physical education, military science, dogmatic religion, and vocational courses) from a regionally accredited institution of higher learning. 2. Have successfully completed (a grade of C or better) the following minimum pre-requisite number of required courses: English Composition-6, *Social or Behavioral Science-6, College Algebra, Quantitative Reasoning, or Higher Math-3, Speech-3, **Humanities and Fine Arts-9, Human Anatomy and Physiology with Lab-8, Basic Computer Concepts & Applications-3, ***Electives-19.*

**Social and Behavioral Sciences include courses such as anthropology, economics, political science, psychology, or sociology.*

***Humanities and Fine Arts include courses such as art history, dance, history, modern languages, music, philosophy, religion, or theatre.*

****Recommended electives include natural sciences (general chemistry, general physics, biology, microbiology), advanced mathematics, and advanced computer sciences. 3. Have a minimum overall cumulative grade point average of 2.00 on a 4.00 scale. 4. Submit ACT scores. 5. Have completed 4 hours observation of a Registered Radiologic Technologist in a clinical environment.*

*6. ****Have current CPR certification at the time of registration (CPR certifications only last for a year at a time, so this course should be taken in the final semester). 7. Complete an interview*

This program of study is designed for students who want to prepare for employment leading to supervisor, administrative and other types of management positions in the production areas of industry or into Industrial Distribution, wholesale level of sales, distribution and/or installation of industrial products and equipment. Graduates should rapidly become proficient in the various aspects of manufacture, sale, and distribution of industrial products. Job opportunities are excellent. Consult with your chosen transfer university or college to determine modification of this curriculum.

Most law schools require a baccalaureate degree before admission, although they do not prescribe a specific curriculum. Applicants are advised to select a degree which prepares for an alternate career and which utilizes the student's acquired skills and talents. Courses should also prepare the student for community leadership and should focus on the kind of specialization that interests the individual. The program outlined above is suitable for a Liberal Arts-Political Science major or an "undecided" major.

Consult with your chosen transfer university or college to determine modification of this curriculum.

This curriculum is designed to meet the admission requirements of the following Schools of Nursing:

University of Mississippi Medical Center
Delta State University

Students must complete all admission requirements before transferring. Other Schools of Nursing may have different admission requirements. Students interested in other schools should consult with the Pre-Nursing Advisor or follow the most recent addition of the chosen school's catalog when planning their schedule.

All Schools of Nursing in the state of Mississippi have limited class sizes with competitive admissions. Students should start the application process early in their sophomore year.

| Total 19 hrs. | |

Participation in Band is required each semester. Instrument majors are required to earn 64 semester hours in addition to Band. A maximum of four semester hours of other music organizations courses may be applied toward an AA degree.

*Failure to complete any portion of this combination of courses forfeits advancement to the next level of all three.

Consult with your chosen transfer university or college to determine modification of this curriculum.

*Students should plan to take the **Praxis 1** (Pre-professional Skills Test) the first semester of their sophomore year or early in the second semester. Students must have met the minimum required score on the Praxis 1 before they will be accepted in an education program at a senior college. Acceptance into an education program is necessary before students can enroll in required junior or senior level education courses.*

Once students are enrolled in a class in the program, they are required to take all remaining coursework with Holmes Community College.

Graduation with an Associate of Applied Science Degree from the AD Nursing program qualifies the graduate to apply to the Mississippi (or other state) Board of Nursing to write the National Council Licensure Examination for Registered Nurses (NCLEX-RN). That board of nursing will process the application. Applicants are subjected to the **State of Mississippi** (or other state) **Law and Rules and Regulations: Regulating The Practice of Nursing in Mississippi. The ADN Program also provides for Advanced Placement of LPN's in this program.**

Associate Degree Program Options (Accelerated Programs for LPN)

Individuals who have completed an accredited practical nursing program and hold the practical nursing licenses may be eligible to enter the Accelerated Program for LPN; i.e. upon completion of this program, the student is qualified to write the National Council Licensure Examination for Registered Nurses (NCLEX-RN).

Option One - 12 Month Program

Prerequisites: Students are required to have all academic core courses required in the two-year ADN curriculum. They are BIO 1514 & 1524 **OR** BIO 2514, & BIO 2524, BIO 2924 or CHE 1114, ENG 1113, Humanities/ Fine Arts Elective, EPY 2533, PSY 1513, BIO 1613/FCS 1253, & SPT 1113 and evidence of 500 hours of work as an LPN on a hospital medical/ surgical unit.

ASSOCIATE DEGREE NURSING MISSION STATEMENT

The purpose of the Holmes Community College Associate Degree Nursing Program is two-fold:

1. To prepare registered nurse generalists who have attained competency. Competency is identified as a performance standard, which includes knowledge, abilities, and understanding that goes beyond specific tasks and is guided by commitment to ethical and scientific principles of nursing practice.
2. To provide equal access to higher education for traditional and nontraditional students while promoting excellence in all areas of nursing.

ASSOCIATE DEGREE NURSING ADMISSION POLICY

The associate degree nursing program is a two-year program designed to provide educational opportunities to qualified students for a career in nursing. The program responds to the expanding health care needs of the community. The curriculum includes a balance of general education, nursing theory, and laboratory/clinical experience. Graduates receive an Associate of Applied Science degree (AAS). Graduates that meet the requirements of the State Board of Nursing are eligible to write the National Council Licensure Examination for Registered Nurses. The associate degree nursing program is accredited by the Board of Trustees of State Institutions of Higher Learning of Mississippi and the National League for Nursing Accrediting Commission. The National League of Nursing Accrediting Commission can be contacted at 61 Broadway, New York City, New York, 1-800-669-1656 for specific program information.

Students who are accepted but who have not had Anatomy and Physiology I and II must take and successfully pass these courses with at least a grade of 'C' before beginning nursing classes.

Nursing students must meet the same general admission requirements as those required for all applicants to Holmes Community College. In addition they must meet the requirement outlined below:

In accordance with the Board of Trustees of State Institutions of Higher Learning's Associate Degree Nursing admission criteria, a student must have an ACT composite score of 15 if taken before October, 1989, or 18 if taken in October, 1989, or after.

The applicant must have an 18 or higher composite on the ACT with an 18 Reading subscore; a 17 Math subscore or have passed a 3-hour College Algebra or higher math course. For ACT scores before 10/28/89, please see the ACT Concordance Table under Academic Policies and Regulations in the HCC Bulletin. The number of students admitted is based on the number of nursing faculty. Standards for Accreditation of Schools of Nursing for the State of Mississippi require that total enrollment be limited to a maximum of fifteen students for each full-time or

equivalent qualified nursing faculty member and that the student-faculty ratio in the clinical area be no more than ten to one. The selection of those to be admitted is done using the Weighted Scale ADN Admission Policy.

All applicants are ranked and are offered positions according to their score. If the school receives funds designated for students who must also meet additional criteria, (i.e. financial need or agreement to work in a rural area of Mississippi after graduation) then these positions are available to those who qualify for them. Preference is still given, however, according to their position on the point system.

Weighted Scale ADN Admission Policy

Enrollment in the ADN Program is limited; therefore, the selection of applicants is done on a point system.

Selection is academically competitive based on the following categories: ACT, plus college hours and college GPA from a regionally accredited school.

If two people have the same score, preference will be given according to their rating on the ACT or, these being equal, their GPA.

Notification of acceptance in the nursing program must come from the Director of the program - not the Admissions Office.

An applicant must be in generally good health. Upon admission, satisfactory reports from a family physician will be required, as well as currently recommended immunizations, a drug screen, and TB skin test. Applicants must also be CPR certified, and pass a criminal background check.

A letter of acceptance to the nursing program will be sent to each applicant selected for each class. It is required that an applicant confirm his/her intention to attend nursing classes for the year designated. Failure to notify the Associate Degree Nursing Department Director within a designated period of time indicates that the applicant no longer wishes to enter the program.

In addition to regular college fees, an associate degree nursing student will incur expenses for such items as uniforms, textbooks, supplies, insurance, and the expense of travel to some clinical sites.

Those applicants with the highest scores will be accepted.

Progression Statement

The very nature of the profession of nursing requires that one be able to master the theoretical as well as the clinical components of the curriculum. In view of the fact that individuals providing nursing care may ad-

versely affect the maintenance and quality of human life, the nursing faculty have established a progression policy. The progression policy is in each nursing syllabus and the nursing student handbook. A summary of the progression policy is as follows:

Students must successfully complete all required components as designated in each nursing course. The student may refer to each syllabus for details. Attendance at clinical is mandatory for progression. The faculty for each course will have a statement in each syllabus regarding attendance at clinical and at what point a student will be cut out due to clinical absences.

Students must make a "C" or better in all required nursing courses, science courses and nutrition. Nursing students must maintain an overall 2.0 GPA or above on all non-science, non-nursing courses, to remain in the prescribed curriculum. A student making a "D" or lower in one nursing course is automatically excluded from the Associate Degree Nursing Program and must apply for re-admission to the Holmes Community College Associate Degree Nursing Program if they wish to return.

Associate Degree Nursing Grading Scale

| | |
|---|------------|
| A | 93 - 100 |
| B | 85 - 92.99 |
| C | 80 - 84.99 |
