

Spanish for Healthcare Workers

The objective - to aid healthcare workers in communicating with Spanish speaking patients when presented with a language barrier in order to provide needed healthcare.

This is a basic course that will also allow participants to practice Spanish terms related to letters, numbers, colors, and body parts as they apply to assessing patients' needs.

Course Dates & Times:

New Dates

Wednesday's, May 15 – June 5
from 5:30 – 7:30 p.m.

Cost: \$50.00

Pre registration is required.

Location:

Holmes Community College
D.P. "Pat" McGowan Workforce Training Center
412 West Ridgeland Ave.
Ridgeland, MS 39157
Phone: 601-605-3431
Email: llopez@holmescc.edu

The Instructor is Lina Lopez - born in Colombia, South America, and raised in the U.S. I have lived in many states including Florida, Texas, Nevada, Kansas, and Mississippi. Living in all of these states is what has given me the opportunity and the privilege to speak both the English and Spanish languages while also experiencing a vast amount of cultures.

Education & Experience - comprised of having worked in multiple medical settings, having completed a dental assistant program, a medical office and billing program, and having recently obtained a Bachelors of Health Science degree from The University of Mississippi Medical Center.
